

"SAMPLE"

**Collaborative Agreement Between
Pro-Hospital Emergency Medical Care Provider Agency
And
Emergency Health Care Provider (Physician/Hospital)**

I, _____ of _____
(Chief Officer) (Agency)
(hereinafter referred to as "The Agency") and

I, _____ of _____
(Medical director or Physician Representative of Hospital) (Hospital name if applicable)
(hereinafter referred to as the "Medical Director")

hereby agree to abide by the following terms and conditions consistent with §3000-c of the Public Health Law (PHL) of the State of New York as amended by Chapter 578 of the Laws of 1999 for the provision of Epinephrine via Auto-Injector.

The terms of the agreement are as follows:

- 1) The Agency and its trained personnel will operate under appropriate protocols for the use of epinephrine auto-injectors as promulgated by the New York State Department of Health.
- 2) The Agency will ensure that all persons designated to use an epinephrine auto-injector will successfully complete a training module following the training guidelines for the use of epinephrine for allergic reactions as developed by the New York State Department of Health.
- 3) The Agency's training officer and Medical Director will maintain a record of all training dates, a roster of those attending, refresher training dates, the curriculum followed and a subsequent list of those authorized to use epinephrine auto-injectors.
- 4) The Agency's training officer and the Medical Director will ensure that all authorized personnel complete refresher training on the use of epinephrine auto-injectors for allergic reactions at least annually.
- 5) Prior to the addition of epinephrine auto-injectors to the Agency's equipment, the agency's dispatch center will be notified that the Agency has the capability of providing epinephrine via auto-injector.
